## SUMMARY

Graduated in 2016, I have acquired technical knowledge and skills from my course and I am familiar with a variety of programming languages, programming paradigms, algorithms, software systems, hardware systems, as well as various development tools. I've been learning web development using a variety of online resources and mediums. I can communicate well with clients, co-workers, and supervisors alike. I am keen to further develop my skills in web development.

## **SPORTS & INTERESTS**

- FPV drone racing: I've built several custom racing drones which I use mainly for fun. I am a member of the Cyprus Drone Racing Association (CYDRA).
- Surface swimming: I am a regular swimmer using mask and bi-fins. I've always been fascinated with the underwater life and natural setting.
- Cycling: I enjoy cycling because it boosts my physical and mental health. Also, it's an excuse to get out of the house.
- Arts & Crafts: I am a creative person and I enjoy paper folding (origami) and pencil drawing. I find these activities to be pleasant and relaxing.
- Video games: I am an avid gamer and I have a YouTube channel dedicated to video games. Over the years, I've built several gaming computers.
- Computer repair work and general repair skills (self-taught).
- Photography: I am interested mainly in nature and macro photography.
