Communication skills
- I am a good listener and I pay close attention to what the other person is saying. I usually ask clarifying questions since I hate ambiguity.
- Good communication skills gained through my experience with class presentations and various online activities.
- I embrace feedback because I'm very passionate about personal growth.

Organisational / managerial skills
- Ability to work as part of a team gained through my experience with group projects.
- Leadership experience gained as army sergeant and instructor of new army recruits.
- Well organized individual (tidy workplace, note taking, file & folder organization, documentation).
- Able to organize workload effectively and prioritize tasks.

■ Attention to detail. I cannot overlook the details and I love consistency in writing, design, and programming. I take things such as grammar, style conventions, formatting, indentation, spacing, coloring, and word choice very seriously.
